## Profile

An ambitious student looking to get started in IT at early age , looking fro opportunity to work with good company.

## Courses

### Full Stack Web Development,

10/2023 – 06/2024

- Acquired foundational knowledge in **C++**, including **Standard Template Library** (STL), data structures, and algorithms.
- Proficient in **JavaScript**, with practical experience in **React** and **Node.js frameworks**.
- Developed a project utilizing **React** for the front end and **PHP** for the back end, demonstrating proficiency in both technologies.

Pandharpur, India

## Projects

### Instagram Clone

This project serves as an introductory exercise in web development, utilizing the following technologies:

**HTML** for structuring the web content.

**Tailwind CSS** for designing responsive and visually appealing user interfaces.

**React.js** for creating dynamic and interactive web components.

The project highlights the integration of these technologies to build a cohesive and functional web application.

### Personal Portfolio, *On personal domain and hosting*

This web application showcases a seamless integration of modern web development technologies:

Front End:

**React.js:** Utilized for building dynamic and interactive user interfaces.

**HTML & CSS:** Employed for structuring and styling the web content.

**Tailwind CSS:** Used for designing responsive and visually appealing layouts with ease.

Back End:

**CodeIgniter 4:** Implemented as the back-end framework to handle server-side logic and database interactions.

**REST API:** Developed to manage the communication between the front end and back end, ensuring efficient data exchange and processing.

The application features a form that collects user data and sends it to the back end via a REST API endpoint for processing. This project exemplifies a cohesive approach to full-stack development, demonstrating the integration and functionality of both front-end and back-end technologies.

## Skills

### HTML

HTML - 5 and EJS ( Basic )

### CSS ( Tailwind CSS )

CSS3 , Bootstrap 5

### JavaScript

Vanilla Javascript , Node and React Component and folder structure

### PHP

PHP forms , GET , POST , arrays

## Education

### Bachelor Of Computer Application

07/2023 – 04/2026

ICMS(Institute Of Computer & Management Studies)

Pandharpur, India

I am larning Basics of Computer science such as Operating system, Networking Basics, C, C++, and python.

Basic Mathematics, such Statistics and Propbility.

### HSC,

Shivrtn Junior college

Fundamentals of Computers, Computer Handling, Internet surfing, ETC

Basic Mathematics such as Computer fundamentals.
